

Computer programing assignment

Ayan Polra

21 August 2025

1 Hours to Minutes

```
#include <stdio.h>

int main()
int hours;
int minutes;
hours = 2;
minutes = hours * 60;

printf("%d hours = %d minutes", hours, minutes);

return 0;
```

2 Output

```
> cd "C:\Users\admin\AppData\Local\Temp\" ; if ($?) { gcc tempCodeRunnerFile.c -o tempCodeRunnerFile } ; if ($?) { .\tempCodeRunnerFile }
2 hours = 120 minutes
PS C:\Users\admin\AppData\Local\Temp>
```
